YOUNG BISMARCK **HEADS TRIAL LIST**

PARIS, Oct. 8.-Accused of war crimes—murder, wholesale assassina-tion and wilful arson—young Count von Bismarck, grandson of the iron chancellor, heads the new list of eight German officers whose extradition from Germany for trial by a French ourt martial is demanded from the Berlin government.

The information leading to this ndictment was gathered by the bureau of military justice at Lille which is holding eye witnesses in readiness to testify to the count's alleged revolt-ing cruelty. Among the crimes of which he is accused figures the ruthless slaughter of fourteen inhabitants of the village of Vicoigne, near Valenciennes, on the pretext that it was necessary to set an example.
